

CAMERA CLUB

MCC HISTORIAN

As MCC Historian to collect records of the club for future use. A record of our history. The hope is before club members hit delete or throw something in the garbage or recycle, it can be collected for the historical records. In the early 1980s trophies and old records were thrown away, I think this is something that should not happen again.

Still trying to get some of the older information that is missing. Have received new info from 1974, 2000 to 2009.

Reply to request for dates & info by looking through old records.

Find older articles for reprint in the KLIK.

Keep paper files organized. Have 6 boxes of paper files in binders in my house.

Get digital files on recent club years. All info I have is stored on my lap top computer and backup.
