

CAMERA CLUB

FACEBOOK EDITOR

Facebook is a key component of the Club's communications. Over 300 individuals follow its posts. Its value to members and the general public depends on it being kept current and vital. An editor is required to maintain and update our Facebook presence on a regular basis in the following ways:

Upcoming meetings - reusing presenter profiles and images from the Club's program

Posting selected winning competition images, and links to standings.
Reminders about submission deadlines.

Posting images from Club events (e.g. outings, socials, workshops, etc)

Updates regarding membership renewals.

Posting links to photography websites of interest to members

A commitment of just one or two hours per week is required. No experience is necessary other than a familiarity with Facebook.
